CAP

Competitive Allowance Program 2008 CONTRACT

Correction to the 2008 CAP Contract Letter dated July 2007

On page 7, in the Section I description of a policy affirmation regarding Policy Memo No. 11, the word "other" was inadvertently omitted. The sentence should read:

Wording was added throughout the section to clarify that this policy applies to arthroscopic and other scope procedures as well as **other** endoscopic procedures.

We apologize for any confusion this may have caused.
