Claim Filing for State of Kansas Employees

This is a reminder that all dental claims for State of Kansas members should be filed to Delta Dental before submitting to Blue Cross and Blue Shield of Kansas (BCBSKS). If you receive a denial from Delta because the service is considered to be medical in nature, it is then appropriate to submit the claim to BCBSKS along with a copy of the Delta Dental explanation of denial.

Dental Claim Form

All dental claims should be submitted on the current ADA form (J400, ©2006 American Dental Association) which accommodates the usage of your National Provider Identifier (NPI). BCBSKS is in the process of determining a date after which claims submitted on any other form will be returned unprocessed to the provider.

Dental Implants

In January 2006, BCBSKS communicated that we would apply multiple surgery guidelines to dental implant services provided under our members' medical benefits. As of April 26, 2007, we are no longer applying multiple surgery guidelines to these services.
