Providing Health and Wellness for State Employees

Access to the Broadest Network of Providers

Health insurance is of little use if it is not recognized and welcomed by the health care providers you choose.

In our 103-county service area*, the Blue Cross and Blue Shield of Kansas (BCBSKS) card is accepted by:

- **99%** of all medical doctors
- **100%** of medical facilities

We negotiate special discounted fees with all participating doctors and hospitals – that means you save money by cutting health care spending.

- Discounted fees are automatically accepted by contracting providers as payment-in-full
- In 2016, exclusive provider discounts saved members more than $2.2 billion

Even More Access with BlueCard®

BlueCard, a cost-saving cooperative effort of the independent Blue Plans, allows members to receive discounts providers have agreed to with the local Blue Plan when receiving services away from home.

With BlueCard, you get:

- Access to 91 percent of all doctors in the U.S.
- Access to 96 percent of U.S. hospitals
- Access to providers in more than 200 countries and territories worldwide

Award-Winning Customer Service

For BCBSKS, focusing on creating an excellent customer service experience that results in loyal customers is part of our everyday thought process. It’s also resulted in various prestigious customer service awards. These awards are especially important as they reflect our customers’ perceptions of our service to them.

* BCBSKS serves all counties in Kansas except Johnson and Wyandotte, which are served by Blue Cross and Blue Shield of Kansas City.

State of Kansas Open Enrollment Guide

Doctor and Hospital Finder

Looking for a doctor, hospital or urgent care center when you’re on the go? Let your mobile device be your guide for Blue Cross and Blue Shield of Kansas health care provider information. Turn to our convenient online Provider Directory to determine whether your current provider contracts with your program network or to search for a new provider located near you.

This easy-to-use directory allows you to search doctors by:
• Address
• County
• Name
• Gender
• Specialty

The majority of our contracting providers are located in our 103-county service area. However, we also contract with some self-administered pharmacies, dental providers, vision providers, laboratories and durable medical equipment suppliers not in our service area.

Customized Website for State Employees

Our strong online presence is a source for information and support 24 hours a day, seven days a week. Our vibrant site is also a source for valuable health and wellness information and links to other health-related sites. But it doesn’t end there. You can also:

- Access forms
- View recent claims activity and sign up to be notified by e-mail when a claim has been processed
- Review benefit information
- Learn about health insurance terms
- Read and download copies of the *Healthy You* newsletter
- Read pertinent FAQs

Connect with a doctor anytime, anywhere

Telehealth is a fast, convenient way to see a doctor virtually. You can have a live visit on your computer or mobile device with a doctor at a time that works for you.

Blue Cross provides telehealth services through American Well® (Amwell). With Amwell, you register for FREE, and the cost per visit is less than an emergency room, urgent care, or even an in-office doctor visit. It’s easy-to-use, affordable, private and secure.

Easily register by downloading the Amwell app or signing up at amwell.com.
