DESCRIPTION
Routine foot care includes any foot care service performed in the absence of localized illness, injury, or symptoms, involving the foot. These services include cutting or removal of corns and calluses; clipping or trimming of normal or mycotic nails; shaving, paring, cutting or removal of keratoma, tyloma, and heloma; non-definitive simple, palliative treatments like shaving or paring of plantar warts which do not require thermal or chemical cautery and curettage; and other hygienic and preventive maintenance care in the realm of self-care, such as cleaning and soaking the feet and the use of skin creams to maintain skin tone of both ambulatory and bedridden patients.
**POLICY**

A. Routine foot care is considered **medically necessary** when systemic conditions such as metabolic, neurologic, or peripheral vascular disease exists and results in medically significant circulatory deficits or decreased sensation to the foot, such that the performance of routine foot care by a nonprofessional person may pose a hazard.

B. Trimming or debridement of diseased, deformed or dystrophic nails may be considered **medically necessary** if performance by a nonprofessional person may pose a hazard.

C. Paring or cutting of a benign hyperkeratotic lesion may be considered **medically necessary** if performance by a nonprofessional may pose a hazard.

D. Routine foot care in all other instances is a **not medically necessary** service.

Please refer to the member's contract benefits in effect at the time of service to determine coverage or non-coverage of these services as it applies to an individual member.

**CODING**

The following codes for treatment and procedures applicable to this policy are included below for informational purposes. Inclusion or exclusion of a procedure, diagnosis or device code(s) does not constitute or imply member coverage or provider reimbursement. Please refer to the member's contract benefits in effect at the time of service to determine coverage or non-coverage of these services as it applies to an individual member.

| 08-12-2011 | In Coding section:  
       ▪ Added HCPCS Code: G0127                                                                                                                 |
| 01-03-2012 | In Policy section:  
       ▪ Revised wording from: “B. Routine foot care in all other instances is a non-covered service.” to “B. Routine foot care in all other instances is a not medically necessary service.” because prior statement was not supported by the member contract. |
| 06-07-2013 | In Policy section:  
       ▪ Added two statements to clarify medically necessary services:  
         "Trimming or debridement of diseased, deformed or dystrophic nails may be considered medically necessary if performance by a nonprofessional person may pose a hazard." and  
         "Paring or cutting of a benign hyperkeratotic lesion may be considered medically necessary if performance by a nonprofessional may pose a hazard." |
| 12-31-2013 | Added ICD-10 codes                                                                                                                          |
