

Dear Providers,

Thank you for being a valued member of the Blue Cross and Blue Shield of Kansas (BCBSKS) provider network. Your commitment to delivering high-quality care to our members is essential for the health of Kansans.

As the state's largest and only local health plan, we're excited to share updates to our policy memos and statewide reimbursement rates for the 2026 contract period. Our goal is to maintain the quality of our provider network while enhancing experiences, improving health and managing costs effectively for everyone.

As part of our commitment to you, our providers, we are committed to offering improved and streamlined services. This includes having one assigned provider relations representative for your BCBSKS needs, simplifying websites and improving policy memos and provider manuals. Additionally, BCBSKS has added new lines of business and members through TriWest and Healthy Blue to create more robust opportunities for our provider network.

Your partnership is vital to us. Please review your statewide reimbursement rates via your [Availity login](#) and note the contracting deadline is Sept. 2, 2025. No action is needed if you plan to continue in the BCBSKS network.

We truly value your partnership and commitment to excellence. For over 80 years, we have supported BCBSKS members with a robust provider network, which includes over 95% of the eligible hospitals and providers in Kansas. Thank you for being part of our network and our partner in health.

Sincerely,

Janne Robinson

Director, Provider Relations
